

**Integrates with
any EV charger**

**Compliant with
OCPI standards**

**Get started with
just a QR Code**

**User-friendly
admin tools**

Offer EV charging through a white-label parking app.

Set up sessions and payments for your EV charging services on a custom-branded app. Help users find your locations with EV charging stations, use your services and pay online. **Just one payment to park & charge.**

**Discover EV charging
spots on the app**

**Scan a QR to
park and charge**

**One receipt for
parking & charging**

**OCPI-compliant
solutions**

**Track EV stats on
centralized reports**

**Live reports on
energy consumption**
