White-label Solutions

**User-friendly Dashboard**

Be a Merchant on Record with real-time credits

Easy parking validations

Perfect ticketless parking with a customized app.

Digitize your parking business with a white-label parking app. Users can find your parking locations, create and manage sessions, and pay online using their preferred method. Earn more with service fees on every transaction.

New revenue stream from convenience fees

Retrofits with any existing equipment

Configure parking rates and enforcement

On-demand integrations with third-party apps/websites

Custom-branded app and web app

Offer permits and value added services

Parking validations and in-app ads

Control everything remotely from a powerful dashboard
